Home emergencies

Introduction

We will provide you with assistance if you have a home emergency.

What is a home emergency?

A home emergency is any sudden, unexpected and unforeseen event that requires urgent assistance to:

- Ensure the safety of your home and the safety of the occupants of your home; or
- To limit or prevent further damage to your home.

When are the services available to me?

These services are available 24 hours a day, 365 days a year.

Important

You must always contact us for assistance. If you do not, we might not pay the full cost.

The best way to contact us is on the **Naked Insurance app**, or by calling the helpline:

What's covered?

What cover do I get?

- We cover home emergencies at your home.
- We cover the call-out fee and first-hour labour charges. Further labour charges are for your account.
- The cost of materials and parts are for your account. For example, if a window pane is replaced we will pay the labour but you will have to pay for the glass unless the damage to the glass was because of an insured event like hail or a storm.

How many times can I request help?

- There is no limit to the number of times you can call us, but after five incidents in a continuous 12-month period the full cost will be for your account.
- We will calculate the number of incidents per service category.

For example: A locksmith needs to open the front door, and because of that an electrician needs to reconnect the alarm system. This means that the incident will involve two service categories and will count as two incidents.

What counts as a plumbing emergency?

- Burst geysers;
- Burst water pipes and connections;
- Faulty taps, mixer units and toilet cisterns;
- Opening of drains;
- Valves, elements, thermostats and vacuum breakers;

- Blocked drains, toilets, baths and sinks, causing further damage to the home; or
- Emergency geyser overflow, valves (Latco and pressure release) causing loss of hot water and pressure-release problems.

What counts as an electrical emergency?

- Distribution boards, circuits, mains cables causing power failure;
- Earth-leakage relays causing power failure;
- Geyser connections and elements causing 100% power failure;
- Plug points causing 100% power failure;
- Light fittings or switches causing 100% power failure;
- Lightning strikes on wiring;
- Multiple burnt connections on wiring or plug points causing 100% power failure; or
- Connections to all electrical motors (e.g. electric gate motor) causing 100% power failure.

What counts as a glass emergency?

We will appoint a service provider to assist you with incidents of breakage to existing fixed glass, for example, home windows and glass doors. This includes badly cracked window panes that could result in unauthorised access to your home.

When can I ask for a locksmith?

- To open door locks to a main entrance of your house if your keys are locked inside the house;
- To replace door locks to a main entrance of your house if your keys are lost or stolen;

- To replace door locks of a main entrance to your house if the door lock is damaged and is preventing access to the house; or
- To open door locks to any room within the house if a person is locked inside.

What else is covered under my emergency home assistance?

- Tree fellers, beekeepers and pest controllers. We will only provide these services during daylight hours and only because of an emergency.
- Security guards. If you have a break-in at your home or if the security of your home has been breached/is compromised, we will arrange for security assistance and security guards to protect your home. The cost for these services is subject to the limit noted under "Other benefits" on [page 27](#).

Will you contact emergency services on my behalf?

Definitely. If you ask us, we can contact the:

- South African Police Services (SAPS);
- Traffic services;
- Fire brigade;
- Ambulance services; and
- Security or any other emergency service provider.

What doesn't count as an emergency?

Some situations might be covered by your policy but do not count as an emergency incident where immediate assistance is needed. If covered, they should be logged as claims.

- Damage to garage locks or padlocks;
- Burglary incidents. We will assist you but the cost will be for your account, unless we cover the cost elsewhere under this policy;
- Electrical or mechanical failure of electric gates and doors;
- Air conditioners and commercial refrigeration;
- Replacement or repair of electrical motors (e.g. electric gate motor);
- Main electrical supply interruptions to permanent residence;
- Jacuzzi, swimming pool and borehole pumps (unless covered elsewhere under this policy);
- Leak detection inspections (unless covered elsewhere under this policy);
- Dripping taps;
- Replacement of a burst geyser (unless covered elsewhere under this policy);
- Septic tanks;
- Replacing light bulbs;
- Adjustment of thermostats;
- Any remote controls or access controls (unless covered elsewhere under this policy);
- Normal wear and tear;
- Safes; or
- Maintenance of any kind.

Important info

Selfie

You must submit an inspection of your specified items (called a “selfie”) by using the Naked Insurance app. This means taking pictures or videos of easily portable and other specified valuable items, plus supplying us with any supporting information that we ask for in order to confirm to us that specific items exist and are in good condition. Remember that you must still submit proof of value and ownership in the event of a claim, so it is important to keep valuation certificates, invoices and receipts of easily portable and other specified valuable items you want to insure.

- You must submit a selfie **as soon as possible**, but not later than 31 days after your cover start date.
- You **do not have cover for accidental damage** on any items before you have submitted your selfie. We will cover you for loss or other damage during the 31 days, subject to proof of value and proof of ownership, even if you haven't yet submitted the selfie.
- We use the selfie to assess whether we can continue to cover your easily portable and other specified valuable items after this period.
- If you do not submit the selfie within 31 days, we will **remove all easily portable and other specified valuable items from your policy**. This means we will reduce your premium and those items will not be covered at all from that date.

Home contents

What are “home contents”?

All of your moveable possessions at your home and its outbuildings (not permanent fixtures or fittings to your home) that are usually kept at the address you've given us on your policy. Home contents don't include laundry on the washing line at the risk address. “Sum insured” refers to the value you choose to insure your home contents for. Your sum insured must be based on the current replacement value of all your home contents. If your home contents sum insured is less than the current replacement value of all your home contents, you will be underinsured. You will then have to accept a part of the loss in proportion to how much you are underinsured by, known as the principle of average. We will pay you in cash only and we won't repair or replace your home contents. Note that we do not apply the principle of average to Other benefits where a limit applies.

Remember the items need to belong to you or members of your family who live with you. It also includes the following items, but ONLY while these items are kept at your home and not while they are being used:

- Motorised equipment such as golf carts, toys, scooters, motorbikes, skateboards, or Segways, other than e-bikes.
- Caravans, trailers and their permanent fittings.

How do we cover your home contents?

1. Unspecified home contents at home:

You're covered for the full value (up to the maximum amount you have chosen), but subject to under-insurance if you did not insure all your home contents for their full replacement value.

Important!

- Certain items must be specified in order to enjoy cover.
- You are not covered for accidental damage to any item unless you specify it.
- Unspecified, easily portable items are capped at R5,000 per item if you can provide proof of ownership.

2. Unspecified home contents away from home:

You're covered (everywhere in South Africa and for up to six consecutive months while you are travelling outside of South Africa) up to a maximum of R5,000 per item, with an overall maximum for all items in one event of 20% of your home contents full sum insured.

Important! Unspecified, easily portable items are capped at R5,000 per item if you can provide proof of ownership.

3. Home contents at home (accidental damage for specified items):

You're covered for the full value (up to the maximum amount you have chosen) for accidental damage to valuable items worth more than R5,000 that you have specified, such as a flat screen TV, sculptures, desktop computers and printers.

4. Easily portable items at home or away (specified):

You're covered for the full value (up to the maximum amount you have chosen) for an easily portable item such as a laptop or camera, or anything that is designed to be taken out of the house with you. It also includes anything that is not typically taken out of the house, but is still small enough to be easily hidden on a person's body, like a small valuable ornament. These items are covered while at home, everywhere in South Africa and for up to six consecutive months while you are travelling outside of South Africa.

- **Examples of easily portable items designed to be taken out of the home:**
Handbags, watches, jewellery, sunglasses, sports equipment, firearms, cameras, laptops and cell phones.
- **Examples of easily portable items not typically taken out of the home:**
Valuable items that are small enough to be easily stolen, like a valuable vase.

Duration of cover

This policy is **not intended** for cover on individual items to be activated for a **short duration of cover** (less than 30 days) during which you are knowingly exposed to higher risk (for example times that you are travelling and using the item more than regularly).

If you cancel cover for a specific item, you may not reactivate cover for that item again in future. If a claim is rejected because the cover was null and void (you bought cover for an item after previously cancelling cover for that item), we will refund you the premium you paid in respect of that item for the period in question.

Reminder to update values

Remember it remains your responsibility to make sure that the sum insured is a true reflection of the full current replacement value of your home contents to prevent under-insurance. You can easily make changes to your insured values on the app and they will come into effect immediately.

You must insure specified items for their latest replacement value. Check the value of your insured item regularly by taking into account that the value of some cell phones and electronic items reduces over time as technology improves, while other items' value may increase or the limited availability of your specific model may require the replacement value to reflect the value of a different (nearest available) model.

We may decide whether we will repair the item, replace the item, or pay you in cash. Should we choose to replace your item, we will only replace it with the same model, or if we are unable to source the exact same model, a similar model. If your item is over-insured, there is no option to upgrade your item. This is why it is important to insure your item for its latest replacement value. If we are able to source a replacement device, the maximum amount that we will pay out will be the cost of that replacement device. If we are unable to source a replacement device, the amount of a claim will never be more than the value which you insured it for, as shown on the app and the policy summary.

What we cover (insured events)

You are covered against loss or damage caused directly by:

- Fire, lightning and explosion;
- Weather, including storms, wind, snow, rain, hail or floods;
- Leaking or overflowing of water from geysers, tanks, pipes or gutters;
- Earthquakes;

- Impact with the home by external forces, for example a vehicle;
- Theft or attempted theft. There must be visible signs of forcible/forced and violent entry, unless the home is occupied at the time of the insured event;
- Malicious damage;
- Subsidence, landslip and ground heave; and
- Accidental damage is only included for items that have been specified under home contents when at home (accidental damage for specified items) and easily portable items at home or away (specified). Accidental damage means damage caused by mishaps, such as an expensive mirror falling off the wall. It is damage that is not foreseen and happens unexpectedly and unintentionally.

Damage to Others (liability)

This section deals with insurance cover for your legal liability towards third parties. You automatically have cover for damage to others (liability cover) with home contents insurance.

Key definitions

Bodily injury	Physical injury to a person's body caused by violent, accidental, external and visible means.
Immediate family	Your partner (A person who is a resident of South Africa under the age of 70 and is your spouse, civil union partner, or your permanent life partner who you have lived with for longer than 12 months), parents, parents-in-law, children, biological brothers and sisters.
Domestic employee	People you employ (at the address you told us about) such as staff, nannies, au pairs, drivers, and gardeners.
You	Includes yourself and any members of your immediate family who normally reside with you and are financially dependent on you.

What does “Damage to Others” include?

We cover you **if you are held legally responsible** by another person for **causing damage to that person’s property or causing injury or death to that person**. This is called legal liability. We will cover you up to a maximum of the limit set out in your cover summary on the Naked app.

- The limits include legal costs and expenses that can be claimed from you by another person but excludes costs we have agreed to pay towards the defence or settlement of a liability claim against you.
- A limit applies to any one liability claim, or all liability claims resulting from the same event.

If you change a limit during the period of insurance, the limit which was applicable at the date that a liability claim was first made against you, will apply.

The following are all possible causes which can lead to a liability claim being made against you:

- Accidental death, bodily injury or illness of another person.
- Accidental loss of another’s property.
- Accidental damage to another’s property.
- Emergency medical expenses that you have to pay after accidental bodily injury to another person, but only if you are legally liable to pay the expenses and it is not covered by another insurance policy or medical aid.

It is also important to take note of the following:

- You are covered on a claims-made basis. This means that we will cover any liability claim against you, as long as you receive the first notification of the liability claim after your cover start date. The event causing the liability claim must also have happened after your cover start date.
- The law allows three years from the date that the other person became aware of the event, for that person to make a claim against you. After that a claim will not be valid.

- If there is more than one person making a liability claim against you resulting from the same event, we will treat all claims as if they were first made against you on either of the following:
 - On the date that you reported the event to us; or
 - If you were not aware of the event, on the date that the first liability claim was made against you.

What is covered under Damage to Others?

You are covered for the following categories of legal liability:

Main cover:

This is general personal liability cover for any liability claim made against you up to the limit shown in the policy summary. However, you have no claim under general personal liability if the type of liability is more specifically covered under an included benefit.

Included benefits:

You are covered for the following types of liability, up to the limit applicable to each benefit as shown in the policy summary:

- **Directors and officer's liability** – we'll cover your legal liability because of your unpaid employment as a director or officer of a non-profit organisation, for example a registered charity or homeowner's association.
- **Domestic employee's liability** – we will cover your legal liability because of an accident for which your domestic employee is responsible, while they acted within the scope of their employment.
- **Security companies and garden services liability** – we will cover your legal liability because of a negligent act or failure to act by an employee of a security company during the course of protecting your home, or an employee of a garden service while working at your home. This includes any liability you may have accepted in your contract with the company. This means that the liability by agreement exclusion does not apply to this benefit. If the security company or garden services is covered for liability under another policy for the same event, and the cover under that policy is not sufficient to cover the liability, we will only consider the claim for the difference up to the limit under this policy.

- **Spread of fire liability** – we'll cover your legal liability resulting from the spread of fire from your premises, on condition that:
 - You comply with all the requirements of the National Veld and Forest Fire Act (if applicable).
 - If a Fire Protection Association (as required by the above Act) has been registered for the area where your premises is situated, you must be a member of that Association.
 - There is no cover for the loss of, or damage to, plantations, forests or sugar cane.
- **Tenant's liability** – we'll cover your legal liability as a tenant towards the owner of the building you stay in, as far as it relates to loss or damage to property which you are responsible for under your rental or lease agreement.

You are not covered for the following:

 - Liability caused by fire or any other insured event against which you have to insure your home, under your rental or lease agreement.
 - Liability because you did not comply with the terms of any insurance policy covering your home, which resulted in the insurance claim being rejected.
- **Wrongful arrest** – we will cover your legal liability to any person if you are responsible for their wrongful arrest or attempted arrest. We will only cover you if you acted within the scope of your duties as a member of a neighbourhood watch (or similar organisation). We will not cover you if the suspect is a member of your immediate family, or a person employed by you.

Where are you covered

You are covered for liability claims which are made against you anywhere in the world, except if the liability claim is made in the United States of America (USA), Canada or any other country which operates under the laws of the USA or Canada.

- Loss or damage to **money and negotiable securities** such as deeds, bonds, bills of exchange, promissory notes and cheques.
- Loss or damage during a **process of cleaning, restoring, altering, renovating, repairing or any process needing the use of water**. This exclusion does not apply when public authorities put out a fire.

- **Theft of unattended bicycles** – special conditions: There is no cover for theft of unattended bicycles, except in the instances below where we would cover the bicycle in full. The unattended bicycle is:

IMPORTANT: In all instances the bicycle carrier must be securely fitted to the vehicle or trailer according to the manufacturer's specifications. For example, if the bicycle carrier has an integrated lock it should be lockable on the tow-bar and all positions of the bicycle lockable to the bicycle carrier. There must also always be signs of forcible removal or forced entry into the vehicle or trailer, except in the event of a hijacking.

- **Damage which existed before your policy started.**
- **Theft where there are no visible signs of forcible/forced and violent entry**, unless the building is occupied at the time of the insured event. Your building is unoccupied if you or any of the people who usually live there, or the person left on the premises in charge of and with access to the home, have all gone out (for example: shopping for a few hours or on holiday for a few weeks);

If your watch is stolen from your home, we will not pay for the watch under this policy. You must claim for the watch from the other insurance policy.
- **Alterations and renovations:** We do not cover loss or damage to your home contents as a result of:

There is also no cover for the cost of removing, nullifying or cleaning up seeping, polluting or contaminating substances. Pollution or contamination means the discharge, release, dispersal,

It also applies to other consequential losses, such as the deterioration of any food or other items.
 - This exclusion does not apply to power surge caused by Loadshedding (defined below) which remains covered subject to the terms and conditions in your policy.
 - Loadshedding is the intentional, total or partial, withholding of electricity supply (from any source) by any party other than the insured, implemented in phases, which do not affect a municipality (including local, district, regional or any other level that is created by law) or province or the country at substantially the same time.

- **Liability by agreement:**

 - We do not cover liability between family members or people insured under this policy at the time of the event that resulted in the claim.
 - This means that we do not cover your liability relating to the death or bodily injury of any member of your family whether they live with you or not.
 - We also do not cover their liability relating to your death or bodily injury
 - There is no liability cover relating to property belonging to you, family members (whether they live with you or not) or any person in your employ,

or in the care, custody or control of you or any other person covered by this policy.

- **Liability relating to your actions:**

- We do not provide any cover if you were dishonest, malicious or if you physically assaulted another person.
- We do not cover your liability if you agreed to accept, or already accepted, legal liability without first getting our permission.
- We do not cover your liability arising from the failure to pay maintenance or alimony or any amounts following a breach of promise.

Motor vehicle liability is covered under the Cars cover section.

 - Any unintentional failure, however minor, of any computerised system which is not directly caused by physical loss or damage.

Claims

How to claim

It is very important to follow the steps set out below, or else your claim could be rejected.

STEP 1

Make a claim on the Naked app, within 30 days of the incident happening.

It is important to give as much detail as possible when providing your description in your claims selfie as this will speed up the process. Also, remember you can download the app, on the App Store or Play Store, just search for Naked Insurance.

Go to **"Make a claim"** on the Naked Insurance App

OR

Call **0860 995 125**

Send us an email at help@naked.insure

STEP 2

Provide us with any additional information we might request, within the timelines provided.

We typically need the following, but we may ask for more depending on the details of your claim:

- A description of the damage you are claiming for (if the app submission was insufficient).
- Photographs taken of the scene (if any were taken).
- Proof of forcible entry to or exit from your home (where necessary).
- The police reference number (case number).
- The details of witnesses and any other persons that were involved in the incident (if applicable).
- Details of any other insurance that covers the same item(s).

STEP 3**Provide proof of value and ownership for the things you are claiming for.**

What you can do to ensure that you have adequate proof of ownership and proof of value

- Compile an inventory of your household contents including your specified and easily portable items and where applicable, note the date that you bought the item and its details (model, make, serial number, full description, guarantees or warranties and value at time of purchase).
- Keep dated photos, receipts, invoices and manuals of your insured items together with your inventory.
- Take photographs of each room in your house, holiday house and outbuildings.
- Keep record of the IMEI numbers of your insured cell phones.
- Get a valuation certificate from a registered jeweller or valuator for all your jewellery, watches, precious or semi-precious stones and art and have it updated on a regular basis.
- Make sure that you keep original and or certified copies of important documents such as your vehicle registration and the title deeds for property.

If the steps above are not followed, or you do not send us the information we ask for within the time we give you, we will reject your claim.

What not to do when claiming

It is very important to comply and not do anything set out below, otherwise your claim could be rejected:

- Do not repair or replace lost/damaged items, before getting our permission in writing. (This does not apply to expenses to safeguard your home contents up to the amount set out in the section on additional benefits.)
- Do not admit guilt, fault, liability, or incur any legal costs without first getting our permission.

- Do not offer or negotiate to pay a claim.
- Do not accept any offer from another person for any damage that you want to claim for under this policy. If you do, you will not have any claim under this policy.
- Do not repair, replace or dispose of lost/damaged items, before getting our permission in writing.

What you must pay

Your excess. This is the first amount that you must pay towards a claim under this policy.

You may choose the excess for each home (building and/or contents, which includes specified valuable or easily portable items) that you insure. If you buy separate (standalone) cover for an individual item, you will choose an excess for that individual item. The excess is shown on the app under each item's cover summary.

If an event only affects your building and/or home contents and/or specified valuable or easily portable items, you will only pay one excess. However, if the event also affects one or more items on which you have bought standalone (individual) cover, you will have to pay the excess on your home and the excess applicable to each item. If we settle a claim by making a payment to you, then we will deduct the (total) excess from the amount we pay. If we settle a claim in any other way, then you must pay the excess directly to the service provider.

What we will pay

When your claim has been approved, the maximum amount we will pay equals the limit, less the excess amount. We will pay:

- The cost of repairs or replacement up to a maximum of the limit;
- Less the excess amount.

We may at our discretion repair, replace or pay you for the amount of damages. If appropriate, we may also use any combination of these methods. Our objective is to place you in the same financial position as you were before the loss took place, subject to a maximum of the limit chosen by you prior to the incident.

- If we replace or repair, we are not required to do so exactly or precisely but only as circumstances reasonably allow.
 - We will choose the supplier or repairer.
 - We may reuse existing materials.
 - If matching materials are not available, we are not required to create a uniform effect.
 - The standard of repair or replacement will meet but not exceed the requirements of any manufacturer or applicable legislation.
 - We will require an extra payment from you if the condition or value of your insured property has improved because of repair or replacement.
- At our discretion, we may decide not to replace or repair. We will then pay you up to a maximum of the limit. How much we pay out does not take into account the sentimental or other specific value the insured property may hold for you. The amount may be based on:
 - Replacement value; or
 - A pre-agreed sum.

Remember, our responsibility ends after we have paid the claim. Once we have paid a claim, we have met our responsibilities to you in terms of this policy. We will not be responsible for any other costs relating to that claim.

We will also not pay any interest. So any amount due by us will not attract any interest.

Who we will pay

- If we repair or replace, we will pay the service provider directly.
- If you have already done the repairs or replacement we will pay you back the cost that you have paid. We will only pay you the amount we would have paid if we had repaired or replaced the item ourselves.

When we will pay

We will pay a valid claim as soon as all documents have been received, we have assessed the claim as valid and you have paid your excess.

What happens when you don't buy enough cover?

- If you are under-insured, it means that you have insured your property for less than their current replacement value. You will then have to accept a part of the loss.

Example:

- You insured your home contents with us for R80,000. Your house is broken into and goods with a current replacement value of R30,000 are stolen.
- When we assess your claim, we discover that the current replacement value of all your home contents before the theft is R100,000 and not R80,000.
- This means you are under-insured by 20%.
- We will then only pay R24,000 (80% of R30,000), less the amount of your excess.

If you are under-insured we will only pay you and we will not repair or replace any items.

What happens if I have a claim on a pair or set of items?

We will not pay more than the proportionate value of any items that are part of a pair or a set. For example, if you lose one earring, we will pay out the value of only that earring.

What about Damage to Others (liability) claims?

How will my liability claim be handled?

- We will consider whether you are responsible for causing damage, loss, bodily injury or death.

- If we do not consider you responsible, we will refute liability on your behalf and send a letter to this effect to you, as well as to the person claiming liability against you. We will continue with your defence until the matter is finalised which may include appointing attorneys on your behalf.
- If you are responsible, we will negotiate with the other person on your behalf. We will attempt to reach a settlement agreement for the amount of the loss, damage or injury.
 - If we cannot reach a settlement, or if we receive a summons from the court, we will go to court on your behalf. This means that we take over your rights to defend yourself.

Your responsibilities

- Tell us immediately about any incident that caused another person's bodily injury, illness, damage to property or loss of property. Do not wait until you receive a letter telling you that another person holds you legally liable.
- Tell us immediately after you receive a letter of demand or a summons, or if another legal process was issued by you or against you.
- Send us all police reports, court documents, letters of demand or settlement offers.
- You must never admit guilt. If you do, you may not have cover under this policy.

What will we pay?

We will pay the actual amount of liability, legal costs or medical expenses to a maximum of the limit. If there is more than one person claiming against you because of the same insured event, the maximum limit applies per insured event. In some cases, we may pay out less than the limit as shown in your policy summary if we decide that it represents a fair settlement. Our payment will be made in South African rands only.

When will we pay?

We will pay once we have either negotiated a settlement, or once we have accepted legal liability on your behalf.

Who will we pay?

We may pay the liability benefit either to you, or to the person that is claiming liability against you. Once we have paid the liability benefit, we have met our responsibilities to you under this policy. We will not be responsible for any other costs relating to that claim.
